

New Customer Registration

Business Objective: Enable new MSME customers who do not have an existing SPBANK relationship to securely register, verify their identity through OTP authentication, create a customer profile, and access the AI-assisted MSME loan application.

Process Flow:

User Story

Story ID: US-REG-001

As a prospective MSME customer,

I want to register using my mobile number and verify it through OTP,

So that I can securely create an account and start my MSME loan application

Business Rules

Mobile number must be unique.

Mobile number must be 10 digits.

OTP expires after 5 minutes.

Maximum 5 OTP validation attempts.

OTP can be resent up to 3 times.

Registration is recorded in the audit trail.

Acceptance Criteria

Customer enters a valid mobile number.

System validates the mobile number.

OTP is successfully sent.

Customer enters a valid OTP.

OTP is validated successfully.

Customer account is created.

Customer is redirected to the Customer Profile page.

The screenshot shows a mobile application interface for applying for an MSME loan. At the top left, there is a back arrow and the text 'Back'. Below this, a blue square icon with a white mobile phone symbol is next to the text 'NEW CUSTOMER'. The main heading is 'Apply for an MSME Loan' in bold black text. Below the heading, it says 'Verify your mobile number to start your application. No login required.' There is a section titled 'Mobile Number' with a text input field containing '+91 10-digit mobile number'. Below the input field, it says 'We'll send a One-Time Password (OTP) to verify this number.' There is a large blue button labeled 'Send OTP'. Below the button, there is a lock icon and the text 'Your number is encrypted and used only for this application.' At the bottom, there is a dashed box containing the text 'Already have an account?' and a blue link with a left arrow that says 'Sign in as existing customer'.
